

Washington State Green Bank Stakeholder Meeting

August 12, 2025

Shaping climate resiliency and clean energy in Washington

This workgroup was a collaborative effort to co-create the Washington State Green Bank, an emerging resource aimed at filling gaps in our climate finance ecosystem, expanding access to capital and building strong partnerships that serve all Washingtonians. The event featured a keynote, breakout workshops and interactive visioning sessions designed to foster collaboration, spark action and turn ideas into impact.
